4	Don't over design it. Leave some open space without activity. Keep historic center gathering spot.	2/1/2016 2:23 PM
5	I like the passive nature of the place. My colleagues, staff, and myself like being able to go over and lay on the lawn under the trees in the spring-autumn or sit in the sun. We're definitely not in favor of destroying the trees and urban forest to stick more "single-use activities" besides what has already been shoe-horned into Seattle's first PLANTED park.	2/1/2016 2:22 PM

6	Extend pathway lighting from central plaza to Denny & Dexter.	1/27/2016 10:50 PM
7	We would love expanded playground area, or at least to preserve what is already there. Child friendly!	1/18/2016 4:34 PM

1	The park needs more lighting at night!	2/2/2016 7:07 PM
2	We use Denny playground as a wonderful rest stop during our time downtown. With two kids under age 10, the playground has some unique equipment that makes it a draw. Hopefully, any irrigation and drainage changes can also accentuate the play area. There are many examples of play rain gardens in the city, like Adams Elementary.	2/1/2016 4:35 PM
3	In general I really like the park and the wooded feel of it. I think the safety might be improved just by bringing more of the community in, so whatever aids that, I'm in favor of it. Just make sure the play area still exists!	2/1/2016 2:41 PM
4	Small sign giving history of park would be interesting.	2/1/2016 2:23 PM
5	Keep it vegetated! Not every park in this city needs to be a mini-development of equipment, furnishings, and single-use designated areas. Some passive, green, vegetated parks with trees are just as important for the health and beauty of the city.	2/1/2016 2:22 PM
6	I work close to the park and would use it more during the day if it were more open and inviting. But appreciate the green space too.	2/1/2016 2:11 PM
7	Please prohibit the use of pathways for private motor vehicles parking!!! Also, there is a sodium-vapor light fixture mounted high on a utility pole at the corner of 9th Ave. N and John St. that shines in your eyes at night as you walk from the central plaza to that intersection. It is blinding. Remove it, please.	1/27/2016 10:50 PM
8	Looking forward to the Feb meeting!	1/17/2016 3:26 PM
9	... having a dog park smack in the middle is not pleasing to me	1/17/2016 3:17 PM
10	I did not know it was called Denny Park	1/17/2016 1:45 PM
11	We love this park; it is the one we frequent the most because of living in Belltown. However, my biggest complaint is that the playground area is not kept clean. It doesn't matter how many improvements you make to the structure of the park if it is not clean and safe. I have found, on multiple occasions, USED NEEDLES IN THE PLAYGROUND area!! In my opinion, money needs to be put aside for daily morning cleaning of the playground in this park to keep it safe for our children. Also, I really think you should consider putting a sharps container somewhere in the park to help prevent this. I personally don't think it's possible or necessary to rid the park of the homeless population, as the whole city has that issue to grapple with, and I personally don't feel any more "unsafe" at Denny Park than I do anywhere else downtown, but, as far as playgrounds go, we simply cannot have the homeless folks using it as their dumping ground. We need to work on keeping it safe and clean even if there are homeless folks hanging out there. On another note, please don't cut down all the old trees! It is one of the only parks in the city with old trees and I love them :)	1/14/2016 11:01 PM
12	Please add a much needed sports court since the one near it will be going away	1/14/2016 12:23 PM
13	There's an awful lot of illegal dogs off-leash in the park. I wonder if we can do anything about that...	1/14/2016 10:05 AM
14	We love Denny Park and my daughter loves playing at the kids area, any expansion of that would be well received. And adding some way of having bathrooms close by would be really helpful with little kids playing there.	1/14/2016 9:50 AM
15	Improved safety and visibility are my number one concerns as there are a lot of bus commuters who walk through the park even before and after the daylight. The central plaza, as I'm sure you know, is a very popular spot for people to sleep overnight, smoke, and yell obscenities at each other. I'd love to see more sunlight and an expanded central plaza which has spaces to look over the dog park and other areas of the park. I really like having the dog park there as well.	1/14/2016 7:15 AM
16	Please consider including in your informational/interpretive signage a snippet about the extremely efficient irrigation system the park is getting upgraded to and why that is important. (it is going to be an incredibly efficient system isn't it ?!)	1/13/2016 5:10 PM
17	I am over 6' tall and 200lbs and even I do not feel safe walking alone in the park at night. additional lighting and some sort of security is needed for the first city park of seattle	1/13/2016 4:40 PM
18	would like to keep the dog area	1/13/2016 4:21 PM
